**Dear Christopher:** 

In reference to your letter dated June 4 regarding the official address for the Basin Electric Power Cooperative Political Action Committee, I want to let you know that our physical address has not changed.

The discrepancy you are referring to with regard to the zip code is only changed due to the Bismarck, North Dakota area Post Office adding more zip codes to the city since it has grown so much over the past few years. Either zip code listed is acceptable for mail delivery. As you can see from the April report, I use a form with the label that was supplied by the Federal Election Commission at one time so that all the numbers are listed correctly for FEC purposes.

I notice on the form that the address change is only if the number or street has been changed. I can do one of two things to comply with your request; change the zip code on my next form and check the address box so it's the same as the one on the Statement of Organization or refile the Statement of Organization. The most appropriate zip code is 58503. Let me know what you'd like and I'll take care of it. You can e-mail a response to me at <a href="mailto:smaller:smal prefer.
